

## 31V 3-Way 1/8 PIPE Toggle Detented TAC Valve 31V

*Humphrey*

[www.humphrey-products.com](http://www.humphrey-products.com)

*Humphrey TAC2, 1/8 PIPE port, 3- or 4-way, manual/mechanical air valves are attractive, compact and rugged. Available as spring return or detent functionality, TAC2 valves provide excellent flow, and are ideal for panel-mount signaling or cylinder control, leaving pneumatic plumbing and tubing "behind the scenes."*

*Plug 3-way for 2-way service; 4-ways include exhaust speed controllers, standard. Aluminum body standard; brass body option.*

*Hardened, stainless steel button bottoms out on valve collar, preventing overstroke and internal valve damage.*

*Emulating similar styled electric buttons and toggles, the operators and 15/32-32 threaded collar, enhances machine appearance.*

*Standard panel-mount button design permits addition of various manual, mechanical or air operators.*

Air	Yes
Inert Gas	Yes
Pressure Range	0 - 125 PSIG
Port Size	1/8 PIPE
Ambient Temperature Range	-20 - 180 F
Detented	Yes
Porting	3-Way Way
